## Oneroa Kāhui Ako Teacher Only Day

On Friday 1st June, 300 teachers from the seven schools in the Oneroa Kāhui Ako were treated to a thought-provoking professional development day. The theme of the day was 'Creating a Happier, Healthier, more Engaged Community.'

Our keynote speaker, Kathryn Berkett, began the day with an engaging presentation with a neuro-scientific spin. She stressed the importance of taking time to reset yourself and that we can only be effective as professionals and as learners if we take the time to understand and proactively engage with the effect stress has on our brains and our bodies.

Throughout the day, staff from across our 7 schools had the opportunity to attend workshops focusing on topics relating to the core work we are currently engaging in as a Kāhui Ako. Tony Ryan spoke with great passion and excitement about the future that awaits our children. John Meeske tackled anxiety and resilience while Jannie van Hees addressed cultural responsiveness in the classroom. Maria Riordan shared some tips around teacher well-being, Stu Duval engaged us through his journey as an author and Brian Annan opened our eyes to the possibility of a global community. Marie Hirst shared her passion for accelerating students in Mathematics while Michael Irwin shared his expertise around teaching boys. All workshops were thought-provoking and designed to challenge our practice in a positive manner.

Further to these workshops, the day also gave our staff the chance to engage in collaborative discussions with colleagues from other schools, helping to build valuable connections. Thank you to the Kāhui Ako Within School Lead Teachers for facilitating these sessions and to all staff for making them so very worthwhile through your passionate sharing and collaboration. We look forward to these connections continuing to develop to the benefit of all our students.

We'd like to extend a huge thank you to Northcross Intermediate School for hosting the event. Thank you to the staff and students who so generously shared their time and experience. The welcome we received and the organisation throughout the day was outstanding!

Also a very big thank you to Loaves and Fishes who ensured that we were well looked after in terms of an outstanding lunch.

We look forward to another day of collaborative learning in 2019.

# The Oneroa Kāhui Ako Student Leaders Present: Logo Design Competition

Long Bay Primary

Long Bay College  
*Building with passion, excellence  
and a total life spirit*

Glamorgan School

## Who are we?

The Oneroa Kāhui Ako is a group of 7 schools who are working together to lift learning. We work and learn collaboratively, now and in the future.

## Why do we want a logo?

We want people to know that we are a community and we are proud to be working together. A logo to represent all 7 of our schools will help bring us all together. The Oneroa Kāhui Ako is connected, collaborative, multicultural, bicultural, and we love our location by the sea.

## How can you get involved?

Students in our Kāhui Ako can take part in designing a logo that will be a symbol for us as a community. It will be displayed across our schools.

**The logo can be hand drawn or electronically designed. Be creative!**

## How to enter

To enter the competition, you must send your design, along with your full name and Year Level to your school's contact teacher, Linda Urwin at Torbay School [lurwin@torbay.school.nz](mailto:lurwin@torbay.school.nz)  
**Deadline for entries is Friday 27 July 2018.**

## Judging the entries

The top 3 designs from each school will be chosen and then the Principals will select 3 finalists. The 3 finalists will have the opportunity to work with a graphic designer to finalise and perfect their design. The Principals will then choose the top design that will become the official logo of the Oneroa Kāhui Ako. The 3 finalists and the winning designer will be notified by their school.

### Introduction to Positive Discipline
